CEMETERIES
OF
BOONE COUNTY, WEST VIRGINIA
VOL # 5

This book is the effort of alot of people that has taken their time, to recorded this Cemetery in our County.

Alot of the information contained in this book was added, and is not on the stone's. Sometimes you will find a stone, that say has E. L. Smith on it, and by people who knew that this was Ella L. Smith d/o Joe & Martha (Ferrell) Smith, this information was added.

So in this book you will find the name spelled out if it was known. Also some Unmarked Graves were known by people who worked on this book and they are listed as such.

To give you an example of what I mean, Lets say you are looking for your Great Great Grandfather John Smith. You find a John Smith in this book in the Allen Cemetery. The book tells you, John Smith, Born 24 Jun 1802, and Died 15 Dec 1856. In the Cemetery itself, their might be a stone or not, and lets say their is a stone but it says J. S. only. Boone Memorial Park Cemetery is the largest cemetery in Boone Co. WV. The first part is in vol. # 4, and the rest is in this vol # 5. When I record a cemetery, I like to record it so that when 3 people are listed, you will know who is buried on both sides of the person you are looking at. But due to the number of people that helped do this cemetery, and the number of graves in it, this is not the case. It is also likely that some will be listed in the vol. # 4 that are buried beside of the one's in this vol.
